Information on Concussion Treatment:

<http://www.stopconcussions.com/>

Concussion Initiative

Per U.S. Soccer’s Concussion Initiative, if a player is suspected to have a head injury the referee is instructed to stop play to allow for treatment/evaluation as needed

If the player leaves the field of play for additional evaluation, a substitution can be made in that moment

The player with the suspected head injury may not return to the game unless a Health Care Professional (HCP) or Certified Athletic Trainer (ATC) has cleared the player

Any coach or parent insisting on returning the player to the game without approved clearance will result in the referee ending the game

Concussion Initiative

Deliberate heading is not allowed in U11 and under games.

If a player deliberately heads the ball in a game, an indirect free kick should be awarded to the opposing team from the spot of the offense

If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement occurred

Heading is allowed in U12 games without limitations

COACHING RESPONSIBILITIES:

(don’t forget to delegate to youth and other adults.)

1. Attend all practices and Games or schedule an approved substitute coach.
2. Pre-practice Field set-up
3. Design warm-up, stretching, strength training and practice drills for practices on Wednesdays and Fridays 4-5:30.
4. Design game warm-up, stretching, and drills as well as game line-up, rotation, and getting line refs for home games.
5. Work with youth leaders to plan practice training.
6. Providing feedback and encouragement to youth leaders & teammates.
7. Foster youth to do their best and be active participants in running the team.
8. Communicate any and all positive and constructive problem areas in soccer skills or youth peer interactions to all team coaches and Head Canine Coach.
9. Bring Concussion check List and First Aid Kit to all games. (Will be provided)
